### Digital Furniture Lock

The digital furniture lock DCL 2 is a universal-type, quickly installed door release element for cabinets. For installation purposes it is possible to remove the rotary knob from the shaft. The designed-in ability to totally dismantle this cylinder opens up new storage and service options. Supplied without a reader unit the basic mechatronic body can be fitted with a variety of reader heads. MIFARE DESFire or LEGIC advant technology are preferred when passive, printable ID cards are used. Active VLF or Bluetooth is the better choice if user convenience is a priority.

#### Your benefits at a glance:

- **Easily dismantled**
- **Reader technology replaceable at any time**
- **Compatible with reader technologies such as LEGIC advant, MIFARE Classic, MIFARE DESFire, active VLF technology etc.**

### Technical data
